Career Objectives

I'm a motivated IT professional with a solid background in Networking, System Administration, and Cybersecurity. I have hands-on experience in IT support, Server Management, and Network Security, backed by completed courses in CCNA and CEHv12. I'm looking for a challenging role where I can expand my skills, gain new experiences, and contribute to the overall success of an organization, with strong communication and interpersonal skills. I'm eager to collaborate with teams and take on new challenges in the IT field.
